

**MONEY SAVED IS MONEY MADE**

is an old adage, and a very true one, too. "Anyone," says our great financier, "can make money," but the amount you make will depend entirely upon your qualifications. A day laborer can make from \$1.00 to \$1.50 a day, while a bookkeeper or stenographer can make from \$15 to \$20 a week. I propose to give you a training that commands a good salary, and I also propose to save you money in getting it.

#### How Florida Represents the Foreign Commerce of the World.

Washington, Oct. 6.—The bureau of statistics of the Department of Commerce and Labor has issued a bulletin on the foreign commerce of Florida, showing that it aggregated over \$100,000,000 per annum, the largest figure being given as foreign imports, \$80,000,000 and exports \$30,000,000.

All the imports of per year were in 1900 drawn from the United States, and of the exports 85 per cent were sent to the United States. It is stated that there has been a steady gain in the share of the exports drawn from this country, while the share of exports sent to the United States in 1900 was 84 per cent.

Of the exports sugar alone amounted to \$10,000,000, tobacco crude and manufactured, \$27,000,000 and fruits about \$1,000,000. Of the imports, cotton manufactures were in round terms \$9,000,000, household, including rice, \$3,000,000, meat \$1,000,000, sugar, \$7,000,000, machinery, \$6,000,000, manufactures of iron and steel, not classed as machinery, about \$2,000,000; leather and manufacture thereof, \$1,000,000, and wines, malt, liquors and spirits and other beverages, about \$1,000,000.

#### Cuba Dispossesses Spain.

Havana, Oct. 8.—The former Spanish authorities handed their last official and military titles, who went to camp in Colonia. The Spanish Empire and India will fall from here at once for New England. No further reports of resistance to any part of the island have been received. The dispossessing of the insurgents is practically complete, with the exception of small isolated bands, who will be dispersed by the naval guns.

#### Black Hawk Braves His Soldiers to John Robinson.

The John Robinson Shows are set for two performances on Tuesday, October 10, and the advance continues fast as an expectation to meet no further progress in the shape of the conquest of United States territory from the world's greatest military riding school at Penn Station, Boston. These dare-devil riders have traversed the world with their remarkable exhibitions of horsemanship, and their addition to the usual exhibition offering of this father of shows was well appreciated after such red tape and a strong pull with the military heads of Uncle Sam's army. Within the past few years the status of the soldiers of the regular army to this country has been brought to such a perfection that the children of the greatest horse riders have been appalled of their talents, and the coming of the show will afford an opportunity to witness the daily contests between the sparring of the soldier men and the daring soldier boys to them.

These hardy fighters wear the air of vigor and riding men, and clad in their regulation uniforms, with heavy arm boots, they perform with daring ease and consummate skill every remarkable feat of horsemanship known to masters and master riding.
